

Hitting Stations

To Whom it may concern,

Beast Hack is a Sole Source provider for all products under the Beast Hack brand that are protected by five active United States patents. These products include but are not limited to:

- Permanent and Portable hitting stations
- Ball Assemblies
- Officially licensed jerseys and uniforms.

These products and others are sold and distributed exclusively by Beast Hack. No other company can produce these products due to our intellectual property that make these products up.

If you have any questions, please feel free to reach out to me,
